Dear Leon:

I am in receipt of a letter from Pearson in which he said you had expressed a desire to play ball in the states this coming season. If this information is correct, please write me right away.

You have no doubt heard the two leagues had voted to lift the ban on players who left the country if they are back by May 1st.

I am very anxious to get my resyer completed for the coming season, and will expect to hear from you by return mail if I can include you in my plans.

Very Truly Yours
